Specifications:

Double head miter saw Tekna TK145/15GCNC

Large cutting capacity of 500 mm blade.

Beam made of welded steel bars equipped with sliding tailstock.

: ME0251213

Pneumatic head tilting from 90 ° to 22 ° 30 '.

Goniometer to regulate intermediate grades.

Advance oleo blade.

Protectors discs with auto-down

Safety device to avoid crushes between head and mullion.

Jaws with safety high / low pressure.

Slide separator scraps.

Automatic descent of full safety protections.

Chip tubes.

Chip collection tray.

Chip conveyor.

Device for rh load.

Auto Meter height profi les.

: ME0251213

Vacuum Cleaner.

Minimal lubrication.

Label Printer.

Serial number: 170

Year: 2,007

Weight: 1,320 kg

Voltage: 400-3 Vac

Air Pressure: 6-7 Bar

KW: 6.5 KW
